Registrations close
19 June

KBDi CORPORATE PLUS PARTNER

 **caesarstone®**

We're very excited to be hosting our next KBDi event at the **Caesarstone Showroom** in Hindmarsh.

It will be a wonderful evening of design inspiration, product knowledge and updates and a very informative professional development session:

SILICA, SILICOSIS AND THE STATUS OF STONE

Kim Smith is the National Environmental Health and Safety Manager at Caesarstone Australia and an expert in all things WHS. She has a wealth of knowledge about the risks associated with silica and an in-depth understanding of the Government regulations designed to manage these risks. In this session, Kim will set you straight about the rules and requirements in place in South Australia and answer any questions you may have about silica, silicosis and the status (and future) of engineered stone in Australia.

FINALIST ANNOUNCEMENTS

Join us as we announce the South Australian finalists of this year's **KBDi Designer Awards**.

Be treated to an overview of their entries and congratulate them as they progress through to the next round.
