Registrations close
 8 September

KBDi invites you to network with industry insiders and connect with your peers at The Alcott in Lane Cove.

Be treated to the latest product updates and valuable one-on-one time with our four event sponsors, Lincoln Sentry, Zip Water, Qasair Rangehoods and Corian Solid Surface.

Then be inspired as we present an informative professional development session:

ALL ABOUT BIOPHILIC DESIGN

Biophilic Design is the practice of connecting people to nature through their living and working environments. In this session, ultra-experienced designer Jo Caughtry will introduce you to the core principles of Biophilic Design and share how you can communicate the value of this discipline with your clients.
