11 March

Network with industry insiders and connect with like-minded professionals at the stunning Earp Bros Showroom.

Earp Bros is 100% family-owned and operated. They're trusted suppliers of the world's highest quality hard surface materials - including ceramic and porcelain tiles, natural stone and innovative surface products - and have a dedicated focus on ethical business practices.

### FALLS TO FLOOR WASTES: WHAT DESIGNERS NEED TO KNOW

Recent amendments to the National Construction Code have tightened the requirements for falls to floor wastes in residential bathrooms. In this panel discussion, we'll discuss the practical implications of these changes, and learn what designers should be considering when selecting tiles for wet areas and accommodating such falls.

What else can you expect at a KBDi event?

- drinks and canapés
- lucky door prizes
- invaluable networking with your peers
- introductions to the industry's best product reps
